NEWMARKET HEATH TRACKS. THE MOST FAMOUS CENTER OF RACING IN THE WORLD

In this country when a man goes to a race track he expects, among other things, to witness the running of each race from start to finish. In England the visitor to Newmarket expects nothing of the sort. He knows that, except in the case of some short sprints, he will have to elect between viewing the finishes, starts or middle running. In comparison with race courses in this country Newmarket Heath is a vast confusion of various courses, divergent in directions and irregular of distances. There are several grandstands and enclosures and an enthusiast bound to see all there is to be seen has an athletic experience in trudging about from course to course in following an afternoon's card of races.

Known as "Headquarters" in England, Newmarket is the racing center of the world. The heath is the property of the Jockey Club and for every horse trained over the Newmarket tracks a fee is exacted that brings the Jockey Club a big annual income. Racing has been conducted here for several centuries. There is, however, a vast difference between its present well-appointed condition and those days of old when rich noblemen tested the speed of their herses, from one agreed-upon point to another, over the wide expanses of the heath in its natural condition. No defined tracks, no track buildings of any sort and no organized governing body for racing were existent when racing was first done there. The first rules of racing were drawn up by a Lord Chief Justice of England, Sir Edward Coke, for the government of racing over Newmarket Heath, and that was long ago. It was in those days when horses were racing at long distances under high weights that what is now the little-used Beacon Course was the one most raced over.

In all, there are twenty-nine named courses at Newmarket, most of which are merely sections of the longest courses. The diagram here published shows their great variety of ascents and descents. In all, these courses and their distances are as follows:

LIVELY AT FAIR PIMLICO

HORSES POURING IN FROM ALL DIRECTIONS FOR THE INAUGURAL EASTERN MEETING.

Garth Horses Good and Likely To Be Prominent Juggler in Tip Top Form-Trance and Statesman to Meet.

Baltimore, Md., April 20.—With the opening of the Pimileo meeting only a few days away, the Maryland Jockey Club's course presents a scene of unusual activity. Horses are pouring in from all directions and stable room is at a premium. Bob Walden, M. Daly, E. Peters, Preston Burch and the rest of the New York delegation arrived today.

The greatest and best collection of horses ever seen at the old course will be on hand when the bugle blows next Saturday. The horses generally are in a forward condition and the racing will be good from the start.

It had been generally predicted that the horses which had wintered at Baltimore and Benning would have the best of it, but the New York contingent has shown up in such excellent condition—little bit doubtful about the matter.

The track at Pimilico is in the finest possible condition—better than for years—and it good weather continues, new track records are bound to be made. Yesterday was an ideal work day and with a fast track the horsemen were out in full force. Most of them cantered their charges, but now and then a fast move was indulged in.

Most of them cantered their charges, but now was indulged in.

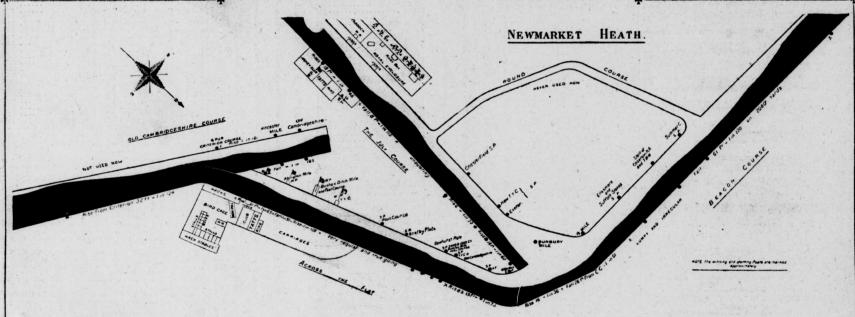

Billy Garth had his big string on the track and sent Red River three-quarters in 1:15. Mr. Garth makes no secret of the fact that he intends to win with this colt.

The Garth two-year-olds were out and had stiff work. The Monk, a black gelding by Fatherless—Elisa tussell, worked a half in 494 and did it very had a sent the condition of the fact that he intends to win with this colt.

in order to divorce the issue from the undeserved prejudice which constant misrepresentation has aroused against the race track. Here in California, as elsewhere, many things have been charged up to the race track for which it is in no wise responsible. It has become a fad to bhame the race track for all the defalcations, embezzlements and thefts that come to light. Embezzlers find it much more respectable to "confess" to having lost on the races than to tell the truth concerning what has become of their ill-gotten gains.

In casting about for the most advantageous means of testing the Walker-Otis law in the courts. President Williams and his advisers came to the conclusion that the coursing contests that are an all-the-year-fround feature of the sporting calendar in this locality would be just the thing. The management of the local courising park readily agreed for furnish the banks of the sporting calendar in this locality would be just that of racing. The locker chub will remain in the background and will not actually figure in the test of the law, although it will provide the sinews of war. No expense will be spared to obtain a thorough-going interpretation of the new law. It is conceded that nothing short of a Supreme Court decision will satisfy both sides, and in order to obtain a final decision before the time rolls around for another California racing season to open, the preliminaries will be undertaken at the earliest practicable moment. Carroll Cook, who will have charge of the case in behalf of the sporting interests, enjoys the reputation of being one of the best constitutional lawyers in the state. Last year he failed, by a narrow margin, of re-election as a Superior Court judge in this city for the reason that a great hue and cry was raised against him on account of his attitude towards the "graft prosecution." which has been a burning sage hereabouts ever since the revelations under the Schmitz regime. It is understood that Judge Cook is exceedingly sanguine of obtaining a decision that will mull

PLEASED WITH NEW YORK OUTLOOK.

Louisville, Ky., April 20.—Matt J. Winn returned yesterday from New York and is enthusiastic over the prospects of racing over the New York tracks this season. He found the turf situation in New York in better condition than he had expected. In regard to the meeting at Empire City, of which he is manager, he said: start Wednesday, July 14. The Empire City will start Wednesday, July 14. The Empire City will be announced before of the meeting at the condition of the condition of

The last race of the day was contested by fast horses, Hancock, Hinalaya, and Chewretine receiving the bulk of the play, Hinalaya was returned the winner in a sharp last sixteenth drive, Singleton outriding Pickens in a rattling good finish. Jockey Singleton continues to ride in excellent form. Several races he has won have been due entirely to his superior jockeyship. He divided the honors of the afternoon with Molesworth, both boys riding two winners each.
P. A. Brady was this morning appointed to act as presiding judge at the forthcoming Fort Worth meeting.

CAHN'S CHARGES HELD UNTRUTHFUL.

Los Angeles Cal. April 20.—The stewards of the Los Angeles Racing Association at a meeting yesterday refused to entertain the charges of crooked racing at the Santa Anita track made by Louis Calan, a bookmaker, on the ground that Cahn lass lost all standing in California racing circles, and that his statements are unworthy of consideration. Cahn was not questioned and no witnesses were called. The stewards merely confined themselves to a discussion of whether Calm's affidavit, alleging that certain owners and jockeys had conspired to "fix" races, was of sufficient weight to call for a formal investigation.

Subsequent to being ruled off Cahn delivered to Judge Hamilton a mess of charges against jockeys Powers and Shilling and several owners, alleging crooked practices. In at least one allegation touching Shilling and the horse, Big Chief, a date was given specifically, but examination of Daily Racing Form's records shows that Big Chief was not entered in any race that day and Shilling rode the winner of the race specified. It is these charges Judge Hamilton properly refused to entertain.

MIAMI QUITE A MUD RUNNER.

Lexington, Ky., April 20.—The Kentucky Association track, after an all-night and all-day rain, is very muddy, but three days of sunshine will make it fast for the opening of the spring meeting on Saturday. The only work of moment this morning was Miami's mile in 1:48. The Camden candidate for the Kentucky Derby did this in mud ankle deep and ran all the way in the middle of the track.

Oneck Stable and McLaughlin made entries. Statesman and Trance are among the entries. This alone insures a great race.

Green B. Morris, the veteran turfman, will ship a horse to Pimlico with Tom Welsh's string.

Billy Weir got in from Jacksonville today with three horses.

New York, April 20.—Owing to the changed conditions of the turf in the state of New York a great number of horsemen who have in years past confined their operations to the Long Island tracks, will be seen at the spring meeting of the Maryhand Jockey Club at Pimlico, which begins next Saturday. The percentage of winning favorites was good for the 139 days of racing, as the following record will show:

| The New California Jockey Club's winter meeting for the season of 1908-09, which opened November 7 and came to a close April 17, embraced 139 racing days, and during that time 835 races were decided, for which there was a total distribution of \$455,745 in stakes and purses. F. A. Forsythe the Kentucky turfman, who raced his horses exclusively over the Oakland track, is at the head of the winning list, his horses having gathered the large sum of \$23,500. Second in the list is S. C. Hildreth, with \$31,160 to his credit, due to King James' success in the valuable Burns Handican. Next is H. G. Bedwell, who has done remarkably well, his horses having rolled up a total of \$29,800. Following in order are T. H. Williams. Keene BUISS. B. L. Williams. Welker, who have pussed the \$10,000 mark. Never before have so many high-class racers contended over the Oakland track as this year. It fell to that good three-year-old, High Private, from the stable of F. A. Forsythe, and winner of the Lissak and Palace Hotel Handleaps and the California Derby, to head the list of the 549 money-carning horses. Next to him in the winning list is king James, with the rich Burns Handleap to his credit, the only race he started in at Oakland, Dorante, the stablemate of High Private, is third, due to his victory in the Christmas Handleap. The long, uninterrupted spell of bad weather which prevailed along the California coast throughout the winter made fast time almost impossible over the Oakland track, and although some of the fastest horses that have ever raced on the coast competed over the New California Jockey Club's course during the meeting which just closed, only one new record was made, when, on March 15, Nadzu ran 23 miles in 4:272.

All the other marks remain the same, the complete records of the different distances being as

NOTES OF THE TURF.

H. P. Whitney's smart Broomstick—Belle of Troy filly has been given the reminiscent name of Hecuba.

Hecuba.

Jockey "Puddin' " McDaniel has decided to return to the saddle again and expects to be able to ride at about 110 pounds.

Gilbert Rose, O. A. Blanchi's crack colt, which went wrong after winning five races in a row, will be turned out for the summer.

Frank Bain was the most successful of the bookmakers operating during the Oakland meeting, his alleged winnings amounting to the large sum of \$70,000.

\$70,000.

At Maisons-Laffitte, France, yesterday, W. K. Vanderbilt's Chandos took third place in the Prix Masque, Nash Turner's Vileguature and Herman Duryea's Wandsill ran respectively in the Prix Bizi and the Prix des Moulins, but neither was placed.

Melera & Josephs' horses will remain in California during the summer. Besides those that have been racing at Oakland, trainer Farrell will have in his charge several promising two-year-olds that have been running out at the ranch in Monterey County. These youngsters will be taken up in time to get them ready for racing in the early fall.

AN EX-GELDING IN THE STUD.

Go Between, a capital race horse in his prime and winner of the Suburban Handicap of 1906, has been retired to the stud and will be known to the track no more. In this there is a touch of humor, since he was raced as a gelding by Alex Shields and won the Suburban as such. Go Between is a son of Modeler-Indigo and as a two-year-old raced in the Grittsburg. Sold to Thoms Kerr he raced as the latter's property when a three-year-old and from him passed into the ownership of C. F. Fox and from the latter into that of the late Alexander Shields. He raced for Fox as a gelding and continued to race as such for Shields until after he had won the Suburban. Then rumors resulted in an investigation which disclosed the fact that Go Between is an entire horse. The incident so distressed Shields that it is said brooding over it contributed in no small measure to his death. The Meddler line is a strong one and it may be that Go Between is a strong one and the may be that Go Between is a strong one and the task freeers as good as thinself. His record on the track feeers as good as himself. His record on the track feeers as good

TROUBLED WATERS HEAVILY ENGAGED.

Troubled Waters, which won the Maiden Plate at Newmarket last, Friday, is a two-year-old bay colt by Meddler—Loch Dee and was bred by Clarence H. Mackay at his Kingston Stud in Kentucky. The three-year-old, International bought in at \$15,000 as a yearling, was a great deappointment to Mr. Carroll style style style style being in the Middlesex Plate at Heaville, which is expected to improve. Troubled Waters is heaville, which is the Middlesex Plate at Heaville, Woodcoie Stakes at Epsom; Surrect at Kers, It flurst Park, John O'Gaunt Bate at Michester; Ascot Biennial Stakes, Scitykon Stakes at Newmarket; Royal Plate at Windsor; Lavant Stakes at Goodwood; International Two-Year-Old Plate at Kempton Park; Chamarge Stakes at Doncaster; Rous Memorial Stakes, Middle Park Plate and Dewburst Plate at Newmarket and is in many important stakes of 1910.
